IMPORTANT GOVERNMENT ORDERS

REVENUE SECRETARIAT

Passes orders prescribing a revised procedure with a view to enable the speedy disposal of Phodi Records.

READ—

Government Order No. R. 2948-58—L. S. 29-26, dated 23rd November 1926, approving of the memo of instructions issued by the Survey Superintendent regarding the items of work to be attended to by the District Circle Officers and the Fieldmen working under them.

2. Government Order No. R. 4130-40—L. S. 27-26-4, dated 17th January 1927, approving the proposals of the Survey Superintendent for the co-ordination of work between the Revenue and Survey Departments.

3. Government Order No. R. 7744-55—L. S. 71-40-2, dated 14th May 1941, issuing instructions in the matter of simplification of the procedure for the erection of boundary marks.

4. Letter No. Sec. 95, dated 19th June 1946, from the Commissioner for Settlement and Land Records, requesting sanction of the revised procedure so as to enable the speedy disposal of Phodi Records in the Department of Land Records.

5. Unofficial Note No. C. 8-4496—45, dated 8th August 1946, from the Revenue Commissioner in the matter.

ORDER NO. R. 2406-17—L. S. 2-46-2, DATED BANGALORE, THE 9TH SEPTEMBER 1946.

With a view to enable the speedy disposal of Phodi Records, the Commissioner for Settlement and Land Records suggests the following procedure :—

(i) As soon as the lands are disposed of for cultivation and saguvali chits are issued to the parties subject to the condition of paying temporary assessment, the concerned darkhast record should, instead of being given to the Surveyor, be sent to the District Survey Officers of the District in future.

(ii) The District Survey Officer on obtaining the records from the taluk should himself frame a programme for the guidance of the Taluk Surveyor and send only as many records as are necessary for one month, with the requisite tippan copies and other reference, if any, needed for the purpose, at least ten days before the commencement of the month for which programme is drawn up.

(iii) The records should be attended to by the Surveyor according to that programme by the issue of notices through the taluk well in advance and the worked-up records should be sent to the District Survey Office along with the monthly diaries. The District Survey Officer and his Supervisor should scrutinise the out-turn with reference to the records and return such of the records on which action has to be taken in the Revenue Department to the Taluk Office, direct with his definite suggestions on each file.

(iv) Such records which are in a fit state of being sent to durasti should be checked in the office promptly and carefully and sent to the Central Office for akarband durasti.

(v) On receipt of the records together with the rectified akarbands, in the District Survey Office, the District Survey Officer will arrange to send them to the concerned taluk for making necessary entries in the Phodi Register and the Akarband Durasti Check Register.

The proposals of the Commissioner for Settlement and Land Records have been generally agreed to by the Revenue Commissioner. The Revenue Commissioner is however of the opinion that since the Phodi work is almost entirely one of the Land Records Department and the Surveyors are working under the District Survey Officer, the preparation of a programme of work to be turned out by the Staff may be left to the District Survey Officer, who may be required to give due weight to the references received from the Amildars explaining the urgency of work in any case.

Government consider that the procedure indicated by the Commissioner for Settlement and Land Records and agreed to by the Revenue Commissioner has the advantage of holding some officer responsible for securing a standard out-turn of work and for expeditious despatch of business in the department and they are accordingly pleased to approve of the above proposals.

J. B. MALLARADHYA, *Rev. Secy.*

GENERAL SECRETARIAT

Sanctions the continuance of the Compost Scheme for a period of three years from 1st August 1945, as a Post-War Scheme.

READ—

Government Order No. A. F. 3459-61—Agri. 245-42-20, dated the 20th January 1944, sanctioning a scheme for composting town refuse into manure for a period of two years from 1st August 1943, the cost being borne by the Imperial Council of Agricultural Research and the Government in a certain agreed proportion.

2. Correspondence ending with Un-official Note, dated the 8th May 1946, from the Director of Agriculture requesting sanction to the continuance of the scheme for a further period of three years from 1st August 1945, the cost being met entirely by the Mysore Government.

ORDER NO. A. F. 1797-8—Agri. 257-45-12, DATED BANGALORE, THE 17TH SEPTEMBER 1946.

The scheme for the composting of town refuse into manure, sponsored by the Imperial Council of Agricultural Research, came to a close from 1st August 1945. The Director has submitted proposals for the continuance of the scheme for a further period of three years at an estimated cost of Rs. 46,800. Meanwhile the Central Government have stated that the scheme has passed beyond the experimental stage and that the Government of Mysore may themselves finance any work conducted from 1st August 1945, as the result will be of permanent benefit to the State cultivators.

2. Considering the importance of the scheme in its bearing on the "Grow More Food" campaign and the need for the satisfactory utilisation of town refuse from the economic point of view, Government are of opinion that the training of Sanitary Inspectors under the scheme should be speeded up and the organisation of "Compost" production in all the towns of the State taken up and pursued with vigour.

3. Government are accordingly pleased to sanction the continuance of the scheme for a further period of three years from the 1st August 1945, with the existing staff as detailed in Statement I. The total cost of the scheme is estimated to be Rs. 46,800 spread over a period of three years.

4. A programme of work is detailed in Statement II.

6. The cost of the scheme will be met from the provision of Rs. 8 lakhs made in the Budget of the Agricultural Department under Post-war Schemes.

MAHOMED ISMAIL SHERIFF, *Genl. Secy.*

ANNEXURE.

Stabilising the work taken up and attending the manure distribution in all the centres working the scheme.

EDUCATION SECRETARIAT

Sanctions the opening of a Municipal High School at Arkalgud, Hassan District.

READ—

Letter No. H3. 5052-111 of 45-46, dated 26th June 1946, from the Director of Public Instruction in Mysore, Bangalore, regarding the opening of a Municipal High School at Arkalgud, Hassan District.

ORDER NO. E. 2198-200—EDN. 44-45-40, DATED BANGALORE, THE 13TH SEPTEMBER 1946.

The Municipal Council, Arkalgud, is agreeable to meet its share of the recurring and non-recurring expenditure of the Municipal High School proposed to be opened at the place and to deposit a sum of Rs. 25,000 as an endowment, the interest thereof being set apart for meeting the recurring charges of the school. The Municipal Council further propose to collect Rs. 20,000 within a year to form the building fund and to provide a building, free of rent, for housing the High School temporarily until a building is constructed. The Hassan District Board has agreed to pay an annual grant of Rs. 1,000 for the High School till the finances of the Municipality improve.

The Director of Public Instruction states that there is need for a High School at Arkalgud and recommends that the proposal of the Municipal Council, Arkalgud, to deposit Rs. 25,000 as a Charitable Endowment may be accepted and sanction may be accorded for the opening of a Municipal High School at the place from the school year 1946-47 temporarily on condition that the Municipal Council should provide immediately a suitable building, free of rent, to house the High School till a building is constructed and so augment their finances as to be able to meet their full quota of the recurring charges and raise a building fund of Rs. 25,000.
